Re: North Central Coast 2XA Proposal
Marine Life protection Act Initiative

The Sonoma County Farm Bureau represents over 3,300 farm families. We are very supportive of protecting our environment and marine life in a way that serves many needs. We recognize that the proposed MLPA will affect our county in many ways including jobs, economy and sporting industry.

We are writing in support of proposal 2XA as an alternative worth of adoption. We believe 2XA has the least economic impact to our local economy and encourage your adoption of this alternative proposal.

Sincerely,

Doug Beretta
President

Senator Patricia Wiggins
Assemblymember Patty Berg
